PROFILE SUMMARY

Highly skilled web and app developer with a strong background in designing and deploying innovative digital solutions. Proficient in modern web technologies and frameworks, with a proven track record of delivering robust and scalable websites and applications. Passionate about leveraging technology to drive business growth, enhance user engagement, and solve complex challenges. Committed to continuous learning and staying updated with industry trends to deliver exceptional results.

PROJECTS

- Project Title: Personal Portfolio Website
- Technologies Used: HTML, CSS, JavaScript
- Description: Developed a personal portfolio website to showcase my skills and projects. The website includes a responsive design, interactive elements, and is hosted online.
- Key Achievements: Designed and implemented the UI/UX, integrated contact forms, and optimized the site for performance.
